Education

Degree/Certificate	Institute/Board	Year
B.Tech., Information Technology	Banasthali Vidyapith	2023-2027
Senior Secondary (XII)	D.A.V. Public School, CBSE	2023
Secondary (X)	D.A.V. Public School, CBSE	2021

Experience

- **Frontend Developer Intern**
  Noida, India May – July 2025
  - Completed an internship at ThinkSys Inc, focusing on React.js-based frontend development.
  - Built and updated UI components, fixed bugs, and contributed to real-time feature enhancements.
  - Collaborated with back-end developers to integrate APIs and connect front-end with database-driven functionality.
  - Gained hands-on experience with Git workflows, API integration, and responsive design.

Projects

- **AI Medical Assistant App** *Present*
  - Built a medical assistant app with an AI-powered symptom checker chatbot for condition prediction and first-aid suggestions.
  - Integrated doctor recommendation system using Maps API for nearby specialists.
  - Developed Doctor Dashboard for viewing patient history, chats, and uploaded reports.
  - Used Firebase Authentication Storage for secure access and encrypted file handling
- **StreamFlix UI — Netflix Clone** *July 2024 – October 2024*
  - Built a fully responsive frontend clone of Netflix with intuitive design and seamless user interaction.
  - Implemented animated carousels, custom hover states, and media-rich layout using vanilla JavaScript.
  - Applied mobile-first design principles to ensure responsiveness across screen sizes.
  - Recreated core UI/UX components of modern streaming platforms for portfolio demonstration.
- **CodePlay Engine** *February– April 2025*
  - Created a console-based compiler framework for developing and executing mini text games using C++.
  - Applied object-oriented principles like inheritance and polymorphism to manage game entities and logic.
  - Used file handling to store and retrieve player progress, game states, and scoreboards.
  - Enabled dynamic and reusable game components for extended gameplay.

Skills

- **Programming Languages**: C, C++, JavaScript
- **Technologies**: DSA, HTML5,CSS,React.js,Talwind CSS,SQL
- **Tools**: Azure Cloud
- **Frameworks**: React,Express.js,Node.js

Certifications

- **Microsoft Azure Fundamentals (AZ-900)**
- **German Language Certification (A1 Level)**
- **Graphix Designing**

Positions of Responsibility

- **Event Management Supporting Lead:** OsCode BV *2025-2026*
- **Technical Team:** German Fest *2024*
- **Volunteer:** Mayukh Fest, Public Speaking Club *2024-2025*
